SUMMARY

Enthusiastic Java Full Stack Developer eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of Java and Object Oriented Programming and training in Java Full Stack Development. Motivated to learn, grow and excel in Software Industry

TECHNICAL SKILLS

- Core JAVA
- HTML, CSS, JavaScript
- MySQL
- JDBC,Hibernate
- Git, Github

EDUCATION

Government Autonomous College, Rourkela, Odisha   **Aug 2020 - Apr 2023**
Bachelor's in Computer Science

Vikash Higher Secondary School, Sambalpur   **Nov 2018 - Sept 2020**
Intermediate

PROJECTS

Banking System   **Apr 2024 - Apr 2024**

The Banking System project is a Java based design to replicate core banking operations within a console interface. Developed using Eclipse IDE and MySQL database

Accomplishments:

- Developed a banking management system using Java, providing features for account creation, user authentication, balance inquiry, and money transfer.
- Implemented secure login mechanisms and ensured data integrity with SQL database operations.
- Utilized JDBC for database connectivity and managed transactions to handle user requests efficiently.
- Addressed error handling and validation to improve user experience and system reliability.
- Designed and deployed the system, enhancing operational efficiency and user satisfaction.

PERSONALITY SKILLS

- Teamwork and collaboration
- Adaptability and Flexibility
- Continuous Learning and Improvement
- Active Listener

INTERESTS

- Health and Fitness
- Travelling and Adventure
- Videography and video editing
